Dear Fantastic Gardeners,
My name is Amaia. I go to John Burns Primary School. In our school, we have a gardening club and we were hoping you could help us. I've seen your van go past my local area a few times and it looks amazing!! Even if it is Autumn you could possibly tell us how to make progress and how to protect our garden in Autumn and Winter and answer all our gardening questions. Unfortunately we can't go into the garden because it is dark when the club goes into. We could try and go into the garden. Please try and right back to me please help us out. The club is on Monday at 3:30 - 4:30. We would love to have a happy garden again.

Yours Sincerely, Amaia
